

PATHWAY TO GERMANY

Company Profile

Passion for Excellence

It's not about **having** dreams;
It's about **reaching** them.

Dear Parents and Students,

What a great honor it has been to serve our students and parents since 2014. What started as a small holiday project has now flourished into a company serving hundreds of students and their families. Time has flew by, and our aim stays the same - to provide reliable service and German courses that bring our students to success. Thanks to our great team of teachers and academic coordinators, we are delighted to present a flawless track record with 99% passing rate on numerous standardised German language examinations, such as the Goethe Zertifikat and TestDAF Zertifikat.

This year, we are excited to announce that we will be working together with A-Levels Institute to deliver A-level preparation programs for students who wish to go directly to university in Germany without going through the Studienkolleg. This is an excellent opportunity for students to reach their goal of graduating from a German university quicker and less expensively.

In the mean time, we would like to express our appreciation and gratitude to everyone who has trusted us to serve and teach them thus far, and hope that we can continue to serve our community the service and quality they deserve.

Dr. med. Christiane Trisnadi

CEO, Deutsch+ Indonesia

Alumni University of Hamburg, Germany

WHY GERMANY?

Free, High-Quality Education

No tuition fees for both Germans and Foreigners at public universities. The quality of education is undoubted, as German quality is known to be one of the best around the world. If you want to get a premium education at an affordable price, Germany is the choice for you.

Excellent job prospects

Graduating from a German university opens up a limitless door of opportunities for you. The German job market is hungry for skilled labor, and finding a job in Germany after you graduate has never been easier - whatever your major. Aside from that, foreign university students in Germany also obtain the permit to work during their studies, so earning our own living as a university student is very common in Germany. Not only do you earn a living, but you earn valuable experience that will help kick-start your career, even before you graduate.

Affordable living costs

Living costs in Germany is one of the lowest in Europe, with substantial discounts on housing and transportation granted to students. The average living cost of a student in Germany is €700 - €1000, including everything such as rent, food, insurance, etc. That, combined with the high hourly pay and high availability of student jobs, makes for a very cost-effective option and a quick return on investment on your education.

WHAT WE DO

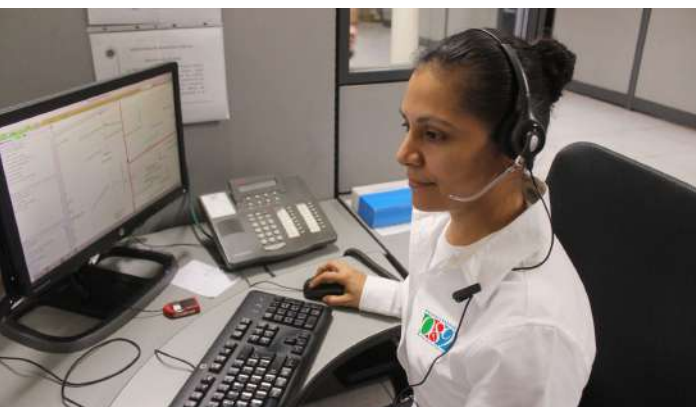

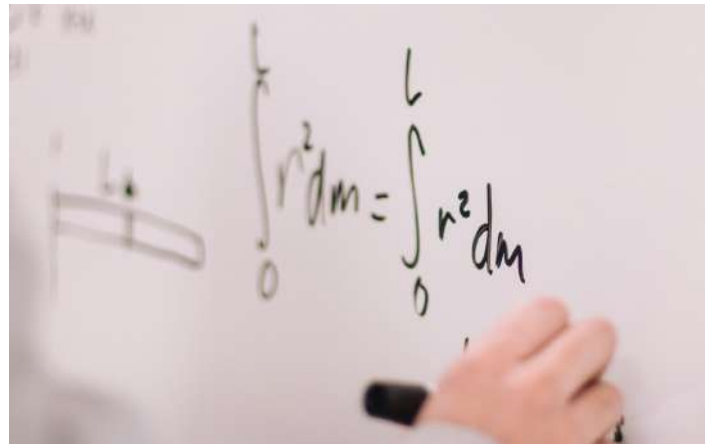

GERMAN COURSES

Our German Courses are conducted in a semi-private setting, with a **maximum number of 6 students** in each class, ensuring that you get the attention you need from your teacher.

A-LEVEL EXAM PREPARATION

In cooperation with A-Levels Institute, Deutsch+ offers A-level exam preparation services especially tailored to the requirements of German universities, so that you can **go to university directly** without going through *Studienkolleg*.

STUDENT CONCIERGE SERVICES

Our university experts at Deutsch+ offers **free guidance** for all our students in helping them tackle all the necessary requirements. However, should you want **everything taken care of and done for you**, our student concierge team is there to serve you.

GERMAN COURSES

Learn German faster and more effectively at Deutsch+. At the end of each level, we will prepare you to take the Goethe Zertifikat for each corresponding level.
